World Handicap System

How do I submit a WHS score in a non-competition round?

Just as you might have done when submitting a Supplementary Score under the old CONGU system, you MUST pre-register your intention to play and submit a Casual Round for handicapping purposes.

Acceptable forms of pre-registration of intention to submit a casual score is either via ClubV1 or by informing the Club Pro at the course that you intend to return a score for handicapping purposes. (NB an App launched by Golf Ireland also includes a facility to pre-register casual rounds).

How to sign in to ClubV1 for a Casual Round – See Screenshots below.

You sign in and return your score via the same PSI Terminals in the Pro Shop and the Lockers rooms.

1) Sign In – Casual Round Event will be listed

That is it done!

ACCEPTABLE FORMATS OF PLAY

The following are the only acceptable formats of play for handicapping purposes at present:

- Individual Stroke Play
- Individual Stableford
- Individual Par/Bogey
- Individual Maximum Score

Fourball stableford/stroke or match play, individual match play and foursome stableford/stroke or match play rounds are currently not acceptable formats of play for handicapping purposes.

MINIMUM INFORMATION REQUIRED

Once you have pre-registered your intent to submit a casual round for Handicapping purposes you must complete your card to include the following information in addition to your score:

- Golf Ireland membership number (3337xxxx/7337xxxx)
- Your Name
- Handicap Index
- Tee Marker Colour
- Course Handicap
- Date of play
- Player's Signature
- Marker's Signature

It is important to remember that for your round to be verified and to count towards your WHS record, it must be played in accordance with the following Rules of Golf:

- Over a minimum of 10 holes for an 18 hole round
- With at least one other person
- On a course with a current Course and Slope Rating
- On completion of your round submit your score in the usual way at the course where the round was played. (If, due to the Clubhouse being closed, this is not possible the scorecard should be forwarded to the Handicap Secretary, within 24 hours, clearly showing the above requisite information)

Then wait for the score to be processed, with the WHS system adding overnight any adjustment required for the Playing Conditions Calculation for that day's play and check the following morning to see how the score affected your WHS index.

GOLFING ABROAD

Rounds played outside of England, Wales and New Zealand must be notified to the Handicap Secretary at your earliest opportunity after their completion. A copy of the scorecard is required for it to be entered manually into the WHS database. This card **MUST** show the following information in addition to your score:

- Golf Ireland membership number (3337xxxx/7337xxxx)
- Name
- Handicap Index
- Tee Marker Colour
- Course Handicap
- Date of play
- Player's Signature
- Marker's Signature
